The Road to Treatment

What happens next on your path forward

Once you and your doctor approve the treatment plan, the preparation for treatment steps begin which include medications, consents and financial approval. We'll guide you through each one so you feel ready and supported every step of the way.

*Timing and process may vary based on individual circumstances. All timelines are calculated in business days (weekdays only, excluding holidays). Insurance authorization must be in place before treatment can begin.

❄️ **IVF Patients:** Before starting treatment, set up your cryopreservation login through Luminary Health Technologies
